## LANGFORD WINS BY GREAT WORK

Salt Lake, Aug. 15.—By superb base running, the Occidentals Sunday afternoon shut out the Salt Lake team by a score of 5 to 0. Langford pitched a great game striking out thirteen Salt Lakers and allowing only two hits. The Salt Lakers worked hard in an uphill effort to score. On two occasions men got as far as first but there was no one who could hit in a pinch. Little pitched a steady game and held the hard-hitting negroes down to six hits. His support, however, was ragged, else the score would have been smaller.

The Occidentals started their run-setting in the first inning. Black went out Nevins to Donovan. Then Nevins dropped Hawkins' fly. Hawkins got to third on Langley's single and scored on a passed ball. Langley was brought home by Langford's two-bagger. Burns struck out and Lane flew out to McEachren.

In the second inning Owens, Salt Lake's new right fielder, smothered two long flies that looked like hits. Mooney got to first when Donovan was thrown from Good. The long negro stole second and reached third when Good fumbled Black's ground-er. Good redeemed himself, however, by nipping Mooney at the plate, retiring the side without a score.

The negroes got another run in the third inning. Stewart dropped Hawkins' fly after a hard try and the negro reached second. Langley sacrificed him to third and Hawkins reached home while Langley was being put out at first. Langford flew out to Good. Burns got a two-bagger but Lane retired the side with a grounder to Little.

Hits for Three Bases.  
In the fourth inning Robinson opened for the Occidentals with a three-bagger. He scored on McAdoo's single. McAdoo stole second and was sacrificed to third by Mooney. Black ran into his own bunt and was out and Hawkins flew out to Stewart.

In the fifth, sixth and seventh innings the negroes were quickly retired.

## A Wonderful Book

### Learn to Play Piano and Organ in One Hour.

Our Wonderful Book and New System Shows You How.

It doesn't know one note from another, but plays like a music master. A musical genius from Chicago has just invented a wonderful system whereby anyone can learn to play the piano or organ in one hour. This new method does not have to know one note from another, yet in an hour of practice you can be playing the popular music which all the fingers of both hands are playing it well. The invention is so simple that even a child can now make music without costly instruction. Any one can have this new method to examine merely by asking. Simply write, "Send me the Easy Form Music Method" and you will receive it free of charge. The complete book and system will then be shipped to you, all charges prepaid, with 100 pieces of music.

You keep it seven days to thoroughly prove it is all that is claimed for it. Then, if you are satisfied, send us \$1.50, and one dollar a month until \$5.50 is all in paid. If you are not delighted with it, it will be sent back at our expense. State number of white keys on your piano or organ. Address Easy Method Music Co., 127 Clarkson Bldg., Chicago, Ill.

## JOYRIDING ON A MAN'S CREDIT

Charles Pierce was arrested Saturday night because he hired an automobile and refused to pay the price to the owner, Ralph O'Shea.

It seems that Pierce engaged O'Shea to take him out for a spin and invited three other friends to accompany him. The agreement was for an hour's run.

The party went up Ogden canyon to Idlewild where it is said Pierce proceeded to spend what money he had and was left without means to settle the chauffeur's bill. The other boys were also short of money and after they had kept the machine out for an additional hour O'Shea brought the entire party to the police station for an adjustment of accounts.

Pierce was finally locked up pending the arrival of money in which to settle his bill. He declared his intention of filing a complaint against O'Shea for speeding, as soon as he had secured his release from custody.

Pierce is the fellow who made charges against several of his friends last week claiming that they had robbed him of \$41. When searched at the police station, the entire amount was found hidden away in his clothing.

## NOTICE

To Examiner Creditors

NOTICE TO CREDITORS.

In the District Court of the Second Judicial District of the State of Utah, within and for Weber county.

## LINDERMAN FILES ANSWER IN SUIT

In the case of Charles B. Sewell vs. Henry Linderman, a suit brought to recover damages for the alleged injuries to the plaintiff in an automobile accident June 12, the defendant Saturday afternoon filed an answer denying the liabilities alleged in the complaint.

It was charged by Sewell that Linderman's son Daniel was driving the automobile at the time of the accident and failed to use reasonable precaution to prevent his machine from colliding with a buggy in which the plaintiff was riding. The answer denies that the accident was avoidable on the part of young Linderman, and further denies that the son was in the employ of the father or was driving the car by direction of the defendant. It states that the accident was one in which the plaintiff was equally responsible with the defendant.

## PLANS FOR A LARGER DEPOT

Plans for an annex to the Union depot have been drawn and the matter of construction will soon be considered. The new building carries the same architectural design as the present building. It will be two stories high, and will have a length of 132 feet. It is anticipated that the construction work of this new building will be well under way before freezing weather.

The north annex will be used for a baggage and possibly express rooms. The old baggage room will be greatly enlarged. In the waiting room will be the ticket office and the Pullman office in more commodious quarters and close to the baggage room.

The lunch counter and the dining room of the depot hotel will both be enlarged. These improvements will cost about \$100,000.

A recent arrival in Ogden who has traveled throughout the United States says that he has not seen any Union

## You Can Make

a pint of syrup with a pound of sugar, or you can make a gallon with a pound.

You will also find that it takes a tablespoonful of most Vanilla Extracts to flavor a cake, while it takes only a teaspoonful of Van Duzer's.

Why is this?

Plainly it is due to the strength of the Extracts. There is more oil of the Vanilla bean in a bottle of Van Duzer's than in any other make—our chemical tests prove this.

If you will use the same quantity as of other makes, you will get a richer flavor, or you can get the same result by using less.

For Sale by

WILCOX GROCERY COMPANY

depot grounds, even those in California, which surpass those of Ogden. He says that the beautifully kept lawn and flower gardens is a most pleasing sight to the weary travelers who have spent from eleven to twenty-four hours in the continental trains.

## NOTICE

Bids will be received, to be opened August 20th, 1910, at 2 o'clock p. m., at the office of the undersigned, Board of Trade building, Salt Lake City, Utah, for the furnishing of 800,000 pounds first quality oats, and 500 tons straight timothy hay, delivery to be made at regular intervals during period of one year from award of contract. In submitting bids on above material, bidders will be required to state price f. o. b. Salt Lake City, giving full particulars as to quality of materials to be furnished. The undersigned reserves the right to reject any or all bids.

P. J. MORAN,  
Box 783, Salt Lake City, Utah.

## "BILLY" WILSON GIVES A DINNER

Among the prettiest and most enjoyable dinners served in the canyon this season was the one given by "Billy" Wilson and his estimable wife Saturday afternoon to a few invited guests. It was one of those dinners served for the good that may be had, disregarding largely the formality of elaborate service.

The dinner was served in the old house in the grove, where similar spreads have been indulged in for many years. Old-fashioned methods of serving prevailed, the magnificent trout being piled high on an enormous platter in the center of the table. Mrs. Wilson had prepared the feast in a manner which proved that her magic art in cooking and hostessing was still in the best of her command. A most enjoyable time was experienced by all and many pleasant recollections of by-gone days were recalled.

Those present included the following: Sheriff Wilson, Sheriff Bailey, Thomas Feeney, Thomas Burk and John Hutchins, and the guests of the host and hostess. A most enjoyable time was experienced by all and many pleasant recollections of by-gone days were recalled.

## GEORGE SHEETS HAS RESIGNED

Salt Lake, Aug. 15.—George A. Sheets has resigned again, and like the action four years ago, he was forced out.

Chief of Detectives Sheets handed his resignation to Chief of Police Samuel M. Barlow late yesterday afternoon, following a long and very heated session between the two. While Chief Barlow says he did not demand Sheets' resignation, the crisis brought yesterday implies as much, and amounts to the same thing, not only shaking the police department, but rocking the whole city administration.

Sheets steps down because of the bitter feeling between himself and the chief, which has grown worse during Chief Barlow's raids upon downtown bawdy houses in the interest of the stockade.

The specific complaint was that Sheets as chief of detectives would not allow his sleuths to do things that Barlow, as chief of police, ordered done.

Sheets and Barlow have not agreed since the coffee salesman became head of the department. Sheets, having had years of experience at the game, did not believe that the ethics of the situation were such as to permit a novice to tell him and the men under him what to do.

The increase in this disease should be sufficient notice to the people of the city to heed the warning of the city health and food authorities to boil drinking water and keep foods covered from flies.

The increase also should be sufficient notice to physicians to make immediate reports of all typhoid cases to the city health board as soon as they are discovered, but it isn't, at least, not in some instances.

For instance, Dr. L. C. Castellan reported to the board of health at 1:30 o'clock Saturday afternoon that William Eugene Fowler of 225 D street was ill of typhoid fever. Prior to this, however, Fowler's death had been reported to the health board of officers. This report shows that Fowler died twelve hours before the attending physician reported his illness. Further it showed that the lad had been ill for seven days, since August 12.

Seven of the twenty-two cases of contagion and infection reported were scarlet fever. There was one case of chicken-pox reported. Nineteen houses remain in quarantine on account of scarlet fever and three on account of smallpox.

Births again outnumbered deaths almost two to one. There were forty-six births, of which nineteen were boys and twenty-seven girls, as against twenty-seven deaths, of which fifteen were males and twelve females. Five bodies were shipped here for burial.

## TRIO OF SUSPECTS NABBED BY POLICE

Salt Lake, Aug. 15.—F. D. Doyle, G. Hays and Thomas Griffin were arrested by Chief of Detectives George Sheets and Mounted Patrolman Griffin Sunday evening and taken to the city jail where they are being held pending an investigation. The trio is suspected of being pickpockets who have been operating on the street cars during the past few days.

Acting Detective Sergeant Wickel received a telephone communication Sunday evening to the effect that three men were "working" the Murray cars between Fourth South and Tenth South streets on State street.

Chief Sheets and Motorcycle Patrolman Griffin were immediately driven along State street in the police automobile by Patrolman Chauffeur Sullivan and an inspection of the cars was made. The men were not seen in any car and as the automobile was

## WILL BE BEST ROAD IN COUNTRY

The Southern Pacific company is still busily engaged extending its sidetracks over the Salt Lake division of its road, and to this end the Corey Brothers Construction company of this city has been at work for some weeks. Sidetracks that heretofore were 3,000 feet long will be extended another 1,000 feet, and 90-pound rails will replace the 75 and 85-pound steel. The heavy rails will be laid between Coble and Belle, and in sections as far west as Battle Mountain. When this work is completed, it is said by the railroad officials, the Southern Pacific, over this division, will be the best road in the United States.

The rails that are being taken up on the main line will be laid on the Nevada & California narrow gauge branch. Within the next sixty days the gap in this branch will be closed at Owens, California. This will make another route from Ogden to Los Angeles via the Harriman lines. However there will be about one hundred and fourteen miles of the road that will remain narrow gauge for about a year. When the gap is closed the people of Owens will hold a big celebration which will be attended by the prominent railroad and state officials of Nevada and California.

The completion of this line will also make a link between Los Angeles and Portland. The line will run north through Hazen to Wadsworth and an extension will connect with the Klamath Falls line which will be under construction.

## TWO WOMEN ASK TO BE SINGLE

In the district court Saturday afternoon, two divorce cases were filed, both petitions relating that the husband had failed to provide the necessities of life. The cases will be taken up for trial in their regular order on the calendar.

Pauline W. Olsen, who in this city married James Le Roy Olsen on January 23, 1908, states that her husband has deserted her and asks the court to grant her a divorce, the custody of two minor children and \$25 per month as alimony.

Mary Pearl Larsen asks for a divorce from Joseph J. Larsen on the grounds of desertion and failure to provide. Mrs. Larsen goes farther with her story of marital hardships and charges her husband with cruel, inhuman treatment, vowing that on various occasions he has struck her in the face with his fist and inflicted bruises upon her body with his blows. The Larsen couple were married in Salt Lake City October 3, 1901.

In addition to complete legal separation Mrs. Larsen asks the court for the custody of the three minor children and \$20 per month as alimony.

## SALT LAKE AND STATE NEWS

### TYPHOID FEVER ALARMING ZION

SALT LAKE, Aug. 14.—Typhoid fever occupies a prominent place in the report of the city board of health for the week ending Saturday. Of twenty-two cases of contagion and infection reported for that period, fourteen were typhoid fever. Two cases reported from the hospitals were brought here from the outside for treatment and do not show in the report.

The increase in this disease should be sufficient notice to the people of the city to heed the warning of the city health and food authorities to boil drinking water and keep foods covered from flies.

The increase also should be sufficient notice to physicians to make immediate reports of all typhoid cases to the city health board as soon as they are discovered, but it isn't, at least, not in some instances. For instance, Dr. L. C. Castellan reported to the board of health at 1:30 o'clock Saturday afternoon that William Eugene Fowler of 225 D street was ill of typhoid fever. Prior to this, however, Fowler's death had been reported to the health board of officers. This report shows that Fowler died twelve hours before the attending physician reported his illness. Further it showed that the lad had been ill for seven days, since August 12.

Seven of the twenty-two cases of contagion and infection reported were scarlet fever. There was one case of chicken-pox reported. Nineteen houses remain in quarantine on account of scarlet fever and three on account of smallpox.

Births again outnumbered deaths almost two to one. There were forty-six births, of which nineteen were boys and twenty-seven girls, as against twenty-seven deaths, of which fifteen were males and twelve females. Five bodies were shipped here for burial.

## TRIO OF SUSPECTS NABBED BY POLICE

Salt Lake, Aug. 15.—F. D. Doyle, G. Hays and Thomas Griffin were arrested by Chief of Detectives George Sheets and Mounted Patrolman Griffin Sunday evening and taken to the city jail where they are being held pending an investigation. The trio is suspected of being pickpockets who have been operating on the street cars during the past few days.

Acting Detective Sergeant Wickel received a telephone communication Sunday evening to the effect that three men were "working" the Murray cars between Fourth South and Tenth South streets on State street.

nearing Fourth South and State streets, Chief Sheets spotted the trio in the act of boarding a Murray car.

Patrolman Chauffeur Sullivan was instructed to follow the car slowly, and as soon as Chief Sheets saw the men begin their crowding methods, he ordered the automobile driven ahead of the car which was signaled to stop. When Doyle, who was on the rear platform, saw Chief Sheets leave the automobile, he recognized the chief and pushing his way into the car squeezed himself into a seat between two women and after removing his hat began to speak to them of the various points of interest about the city.

Regardless of his cheeky ruse to escape detection, he was unceremoniously flung out of his seat by Chief Sheets and with his two companions, was taken to the city jail. According to the police, all of the men have criminal records and they will be held for investigation.

## EAGLES CLOSE THEIR MEETING

SALT LAKE, Aug. 14.—Following the completion of unfinished business at 5:30 o'clock Saturday evening, the tri-state convention of Eagles, which has been in session for two days, adjourned until next year, when Idaho Falls will entertain the Eagles. Saturday morning an executive meeting was held. A constitution for the new tri-state organization was adopted and several important committees were named.

At noon special cars were taken to the Salt Lake brewery, where luncheon was served. The delegates came back to the lodgerooms about 2:30 and got down to business again. The committee on resolutions recommended the adoption of regulations which are designed greatly to strengthen the order. The resolutions will be submitted to the grand aerle.

Immediately following adjournment, the delegates and their wives, piloted by Albert Hertz, took special cars to the lake, where a genuine good time was had. Luncheon was served in the pavilion and the delegates shown about the resort.

The local aerle has fairly outdone itself in taking care of the delegates. The delegates are jubilant over the fact that such an organization has been formed, one which will link the states of Utah, Idaho and Nevada in closer ties, and in the future will be the means of cutting down expenses when the grand aerle convention is held. Instead of sending a delegate from each lodge in the three states to the convention, each state can select its delegate to the grand aerle and thus reduce the expense.

## WOMEN OF WOODCRAFT AT THE LAGOON

The Women of Woodcraft, Ogden Circle 581, held their annual outing at Lagoon Friday. Similar outings to the canyon and in Salt Lake reduced the crowd some. The stunts receding the most comment were the leap-frog contest, the 1925 boxing contest, and the ball game. The Salt Lake team got "cold feet" and failed to put in an appearance, so Captain Malou volunteered to act as captain and manager for the Woodcraft team against Captain Revor and the "Nine Nation" team. The game was a close one, the umpire getting off the field several times and calling decisions through a megaphone. Game called on account of rain. Score, 3 to 2 in favor of Woodcraft.

Many fine prizes were given in the events. The following firms donated generously.

Wm. Driver & Son Drug Co., the Baron Co., Charleton's Bargain Store, Nye's Clothing Store, Wright & Sons, Richardson & Grant, Radcom's Pharmacy, Cressy's Bargain Store, Horrocks, Culley's Drug Store, The Tanager, Fred Massa, Hupfer's, Shupe, Williams, Columbia Club Co., Princess Millinery, Miss Hunter, manicurist and hair dresser, Ragan & Garret, Boyle Furniture Co., Reese, Howell & Son.

## MRS. WEST AND HER DAUGHTER ENTERTAIN

Mrs. Sadie West, 2217 Grant avenue, entertained a party Wednesday evening in honor of the eighteenth natal anniversary of her daughter, Jennie.

The evening was pleasantly passed in playing high five and listening to vocal selections rendered by Myrtle Ballinger, Bessie Blair and F. E. West.

A delicious luncheon was served at 11 p. m. by the hostess and her daughters, Jennie West and Mrs. Lila Richards.

The following guests were present: Mesdames Sadie West, Pearl Smith, F. E. West, Charles W. Lyon, Lila Richards, Misses Bessie Blair, Jessie Bradshaw, Myrtle Ballinger, Iverna Shreve, Josie Larkin, Zelpha Arave, Margaret West, Jennie and Ada West, Messrs. F. E. West, Charles W. Lyon, George Wall, Dave Mench, Lon Farley, Leath Pearson, John Williams, C. E. Richards and Alonzo West.

## AFRICAN COPPER MINE LARGEST IN THE WORLD

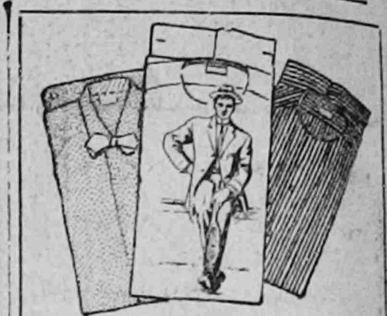

Were it not for a 2,200-mile railroad haul and exceedingly unfavorable labor conditions, the Tanganyika copper mines in Africa, owned by the Tanganyika Concessions company, which is in turn owned by the Rothschilds, might take a position as the leading cost producing copper mines in the world. It is claimed that every foot of sinking at this property places 1,000,000 tons of ore in sight, which averages between 10 and 15 percent copper, besides precious metal values.

The owners have drawn heavily on leading American mining men and are spending millions in railroad and smelter production. The black labor is very inefficient, however, and transportation for 2,200 miles under adverse conditions adds considerably to the costs.

## SEALED PROPOSALS.

Sealed proposals will be received by J. A. Smith, Architect, Room 416 Eccles Building, up to August 16th, 1910, at 12 o'clock m., for labor on sheep exhibit building at the Fair grounds. Call on the architect at once.

H. M. ROWE, President, Four State Fair.
